Ijalkar3@gmail.com

I am a data enthusiast with a diverse academic background, holding degrees in Mechanical Engineering and Commerce (Accounting). I have completed a comprehensive Data Science course and consistently practice my skills through hands-on projects, such as predicting house prices using decision tree models. I am eager to leverage my technical expertise, analytical mindset, and interdisciplinary knowledge to secure a challenging role in Data Science or related fields. My commitment to continuous learning and applying data-driven techniques to solve real-world problems drives my passion for this domain.
